

# **UPTODATE USER GUIDE**

**2023**

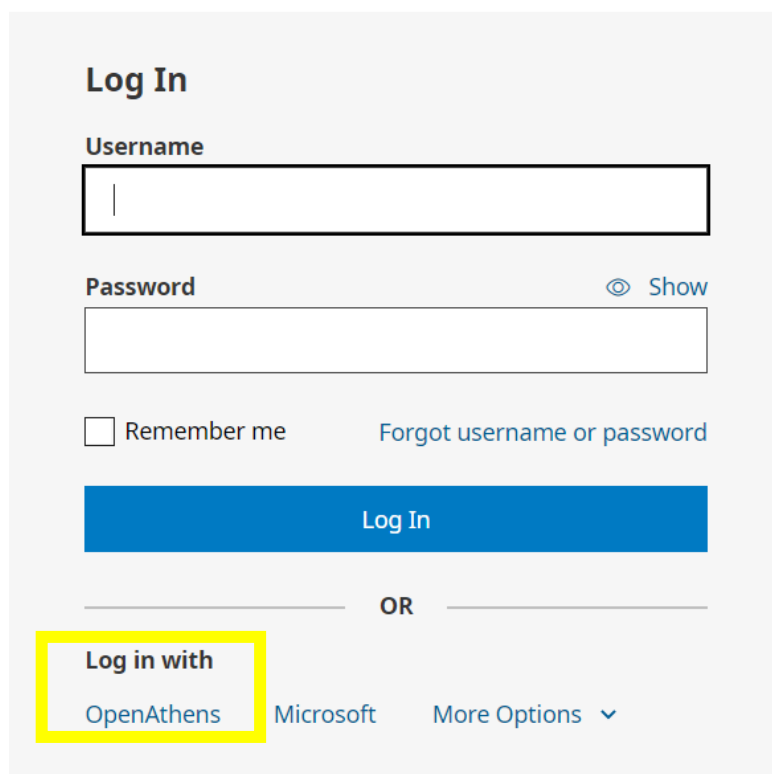

Dear Istinye Family,

To access the UpToDate database from off-campus, you must follow the steps down below.

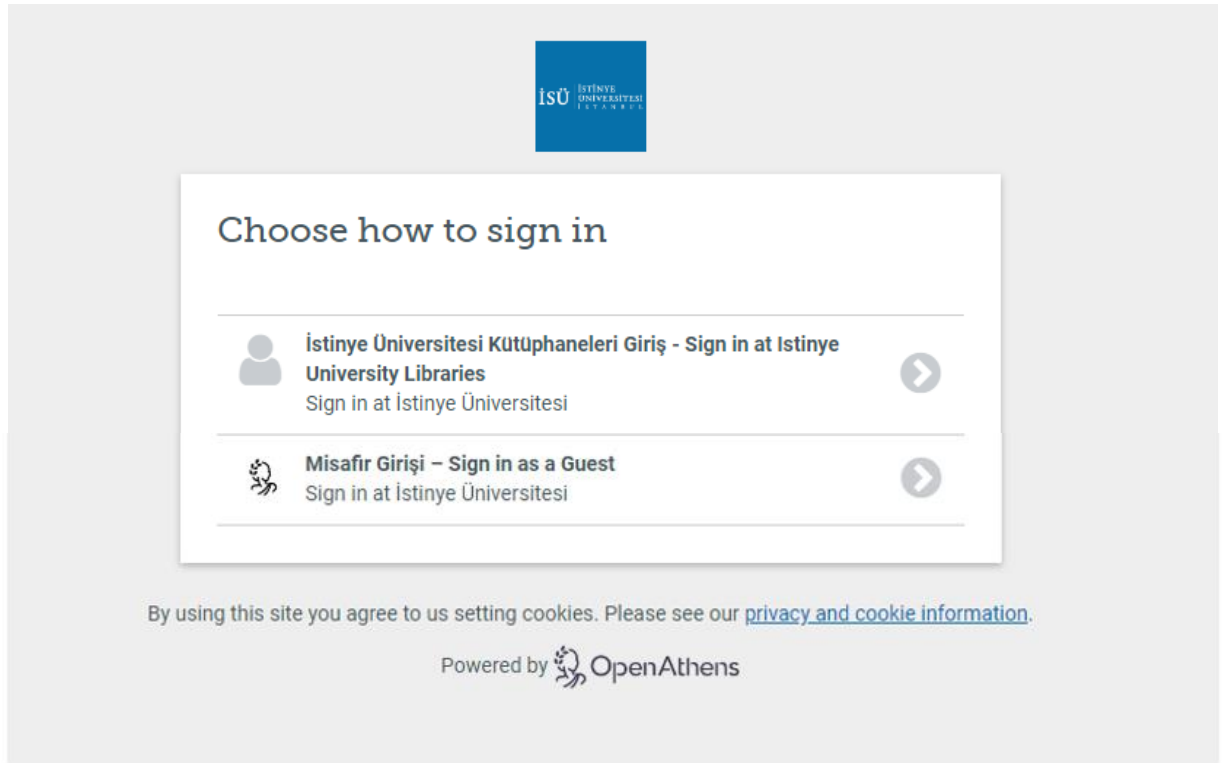

1. Login to UpToDate at <https://www.uptodate.com/contents/search>.
2. Click on the “Login” option in the upper right corner of the page that opens.

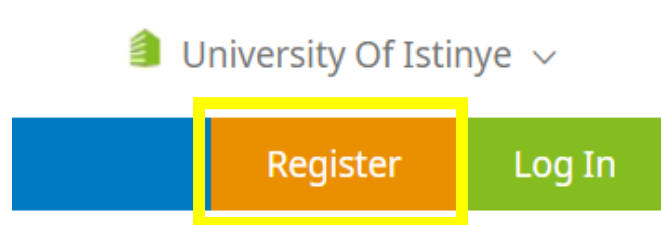

3. Click “OpenAthens” from the “Log in with” options on the screen that opens.

A screenshot of the UpToDate 'Log In' page. The page has a light gray background. At the top, it says 'Log In' in bold. Below that are two input fields: 'Username' and 'Password'. The 'Password' field has a 'Show' link with an eye icon. Below the password field is a checkbox for 'Remember me' and a link for 'Forgot username or password'. A large blue 'Log In' button is centered below these options. Below the button is a horizontal line with 'OR' in the center. Underneath is a 'Log in with' section. The 'Log in with' text is inside a yellow box. Below it are three options: 'OpenAthens' (which is also highlighted with a yellow box), 'Microsoft', and 'More Options' with a dropdown arrow.

4. On the screen that opens, you need to write your corporate e-mail address (@istinye.edu.tr, @isu.edu.tr, @stu.istinye.edu.tr) as the "User Name" and your corporate e-mail address password to the password section.

5. After logging into the UpToDate database, you can create an account with the "Register" option. You can log in with your user name and password at <https://www.uptodate.com/contents/search> for 90 days with the account you created by accessing off-campus. After 90 days, you can extend your activation period for another 90 days by logging into UpToDate with your username and password with the OpenAthens option.

**NOTE:** If you log in to your off-campus access account once through your web browser, you will not need to log in again in other databases you want to examine, unless you close your web browser.
