*Dear Istinye University Family,*

We welcome you with the second volume of ISU Library Bulletin. Thank you for your interest in our bulletin, which received great acclaim for its first issue.

Istinye University values cooperation, production and development. For this reason, ISU Library staff also convey the experiences they have gained through collaborations in their field and continue to improve themselves with the trainings they receive. You can read about our work in this direction in our bulletin.

April has an important place in the history of our country and is also very valuable for our university. Happy April 23 National Sovereignty and Children's Day, the greatest holiday of our country, the gift of the Great Leader Mustafa Kemal Atatürk to the children of the world, and the 102nd anniversary of the Turkish Grand National Assembly, the representative of the national will. The fact that April 23 is also the founding date of Istinye University is a reason for us to celebrate this date with a different enthusiasm and pride. We will continue our journey, which started on April 23 2015, with firm steps, without slowing down.

In this volume, along with the news from ISU Library, the librarian recommends column will also include our book, concert and theater suggestions. We hope you enjoy reading the new volume of the Library Bulletin.

Kind regards,

*Bahar Biçen Aras*  
*Library Director*

# ISTANBUL CULTURAL HERITAGE DIGITAL LIBRARY ISTKA PROJECT

As part of the DigitalkutupİST ISTKA Project Trainings, we attended to Assoc. Dr. Gülder Emre's "Preservation of Cultural Heritage" and Assoc. Dr. Güner Sağır's seminars titled "Museums, Libraries and Archives".

Büyük kurumlar ve üniversiteler, kendi iç kaynakları, çeşitli müzelerden, kütüphanelerden ve arşivlerden edindikleri benzersiz ve nadir materyalleri, araştırmacı ve öğrenci topluluklarıyla bir şekilde bilgi paylaşma konusunda daha avantajlıdır. Bu kurumlardaki tümleşik erişim, müzelerin, kütüphanelerin ve arşivlerin birlikte daha yakın çalışarak verimliliklerini ve etkilerini nasıl arttırabileceklerinin de göstergesidir.

Müzeler, geleneksel işlevlerinin dışında, sosyal gelişmeler için de bir alan sağlar. Farklı ziyaretçi profilleri, giderek artan kültürler arası diyalog müzeleri çeşitli arayışlar içine sokmuştur. Ayrıca son yıllarda müzeler genel eğitim programları içinde önemli bir yer edinmeye başlamıştır.

Genişleyen dijital hizmetler sayesinde kütüphaneler, sınırlı hareket alanlarından uzaklaşıp hem yeni hedefler belirleme hem de yeni kullanıcı gruplarına ulaşabilme şansına sahip oldular. Yeni iletişim kanalları, nüfusun büyük bölümü için kültüre daha iyi erişim fırsatları sunuyor.
