2022 - 2023 ACADEMIC TERM LIBRARY ORIENTATIONS

ÜNAK 2022 SYMPOSIUM
MOVING THE PRESENT INTO
THE FUTURE:
LIBRARIES AND SUSTAINABILITY

AUTHOR OF THE MONTH

TESS
GERRITSEN

Dear Members of the Istinye Family,

Welcome to the 7th issue of ISU Library Bulletin.

I wish success to our academicians and students who joined the ISU Family in the 2022-2023 academic year. ISU Libraries will continue to be with you in accessing information with their experience and resources throughout your education life.

I would like to share with you the news that we are preparing to open a new library in the 2022-2023 academic year. The GOP Hospital Library will soon open its doors to its researchers. In addition, we organize and participate in trainings, knowing the value of #lifelonglearning, in order to better serve the ISU Family, provide international library services and closely follow the developments in our profession. You can find details in the news from us in the bulletin.

Since January, as the Library, we have hosted meetings at our University where we hosted important names from different universities and different sectors of Turkey. We are excited to add a new one to these meetings. The National Open Science Conference (AE2022) will be hosted by Istinye University and will be held at Istinye University Congress Center on October 20, 2022 in cooperation with Izmir Institute of Technology (IYTE), TUBITAK and Hacettepe University. The Open Access and Open Science Conference, which has been held regularly since 2011, is held this year with the main theme of the International Open Access Week, "Openness for Climate Justice". We would like to invite all ISU Family who are interested in open science and open data issues to the conference. You can find detailed information about the conference at ab2022.acikbilim.org and register for participation. I wish success to all our academic and administrative staff who continue their preparations for the academic term, and I would like to reiterate that ISU Libraries are with you during and after this process.

On the following pages of the bulletin, you can find author, book and podcast recommendations for you in the librarian suggestions section. We would like to remind you that we are also waiting for your suggestions for this area. I hope you will enjoy reading the 7th issue of our bulletin.

Our Republic is 99 years old... Happy 29 October Republic Day, which Mustafa Kemal Atatürk described as the greatest holiday in his Tenth Anniversary Speech.

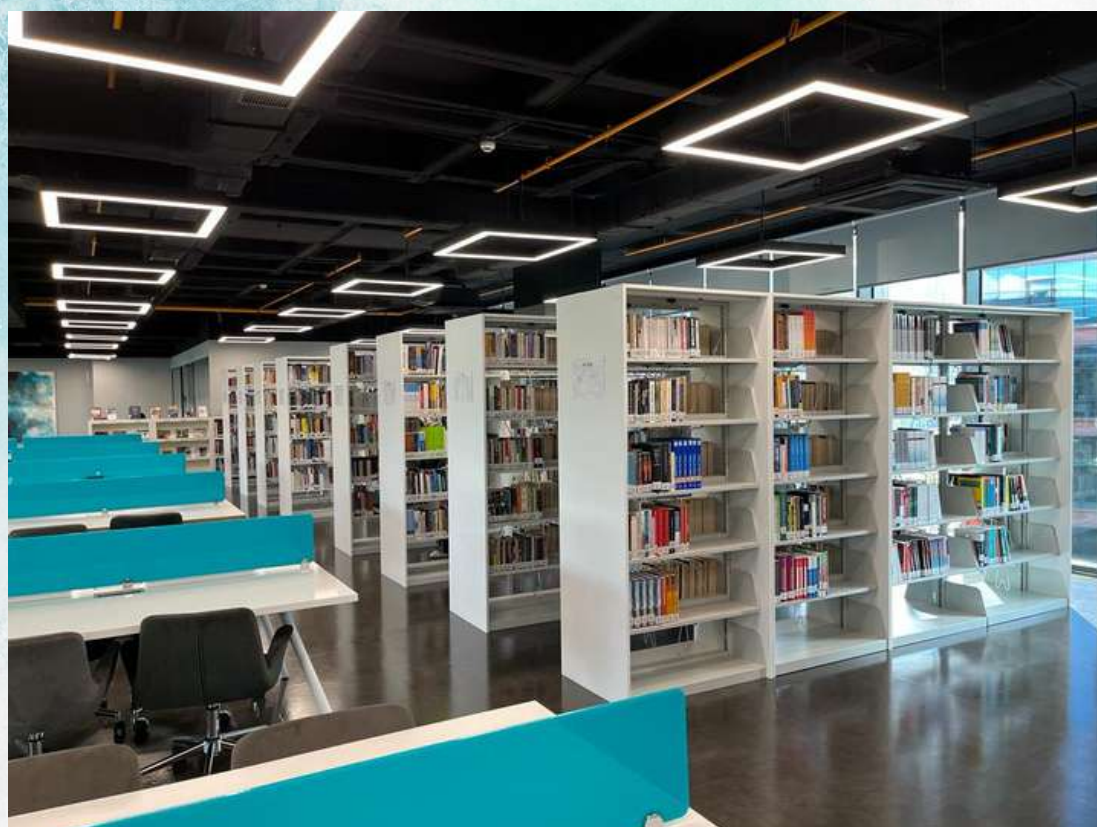

Kind regards,

Bahar Biçen Aras
Library Director

AS THE REFERENCE SERVICES TEAM FOR THE NEW ACADEMIC PERIOD, WE CONTINUE OUR WORK WITHOUT SLOWING DOWN. WE ARE PLANNING LIBRARY ORIENTATIONS AND TRAININGS FOR OUR ACADEMICIANS AND STUDENTS. STAY TUNED!

SEPTEMBER 8 INTERNATIONAL LITERACY DAY

According to UNESCO data, while 68% of the world's population was literate in 1979, this rate reached more than 86% of the world's population in 2019.

The Sustainable Development Goals specifically include the goal of “providing inclusive and equal quality education for all and providing lifelong learning opportunities for all”. Literacy is essential for inclusive success. Literacy, which is the foundation of human rights and human dignity, is important for eradicating poverty, gender equality, and more inclusive and sustainable societies.

THE ONLINE TRAINING WE ATTENDED ON SEPTEMBER 27

"GO-TO - HOW TO IMPROVE OPEN ACCESS MANAGEMENT ACROSS DIFFERENT PUBLISHERS TO ACCELERATE RESEARCH IMPACT"

Video call interface showing participants: Sven Fund and Melanie Lehnert-Sehle.

The Rise of Transformational Agreements

There is increasing pressure being placed on the traditional subscription model, as policy and funder mandates favour routes towards open access publication

Transformational Agreements enable the migration of funding from reading towards publishing, whilst recognising that the subscription element still remains an important part of the agreement

Wiley is fully committed to the transition to open access, and Transformational Agreements are a key component of our open access strategy

How prevalent are they?
According to the ESAC Registry there are currently over 472 agreements, covering over 220,000 articles (status: 14 April 2022).

As of Summer 2022 Wiley has 43 Transformational Agreements covering 58k articles worldwide

WILEY

Video call interface showing participants: Sven Fund and Melanie Lehnert-Sehle.

O-able — a service for consortia, libraries, and funders to seamlessly approve, pay, and manage open access agreements and APCs in one place

Video call interface showing participant: Sven Fund.

Vision

More effective Open Access approval, payment management, and reporting across publishers and deal types

Transformative Agreement management (Read and Publish)

Single APC management within Open Access funds

Video call interface showing participant: Sven Fund.

Institution's (and author's) benefits

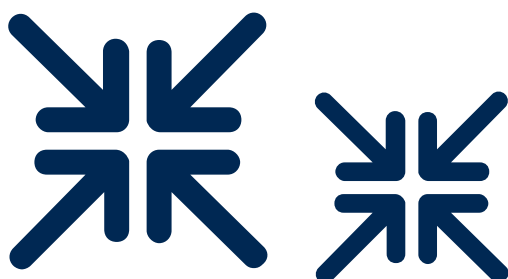

OA invoicing, pre-paid accounts, and reports in one pan-publisher platform

Predictable fixed annual fee with unlimited use

Reduce complexity from increasing number of OA dashboards/ systems

Processing time reduced by a factor of 3 to 6 — faster approval, and reduced late payment admin

Get on top of increased complexity and transactions

2022 - 2023 ACADEMIC TERM ORIENTATION

ON SEPTEMBER 27, WE HELD A LIBRARY ORIENTATION FOR OUR INTERNATIONAL STUDENTS.

2022 - 2023 ACADEMIC TERM ORIENTATION

On September 28, we held our library orientation for all our first year students in 3 sessions.

SEPTEMBER 28

**INTERNATIONAL DAY OF UNIVERSAL
ACCESS TO INFORMATION**

**ACCESS TO INFORMATION AND THE RIGHT
TO INFORMATION ARE THE BASIS OF
SUSTAINABLE DEVELOPMENT**

What Do We Know About Predatory/Dubious Journals?

Journals in the Q1, Q2, Q3 classes in WEB of Science (Whether or not for editorial and/or printing processes)

Journals in the Q4 class of WEB of Science that do not charge editorial and/or article processing charge

Journals that are in the Q4 class of WEB of Science and that are the publication organs of a branch association, university, institute or scientific institution to which only members of the relevant science field can become members, although they charge fees for editorial and/or printing processes and national/international journals that have been published/published since 2010 and working as a subscription method

Q4 journals that do not meet the above criteria are included in the category of "Predatory/Dubious Journals".

ÜNNAK 2022 SYMPOSIUM

MOVING THE PRESENT INTO THE FUTURE: LIBRARIES AND SUSTAINABILITY

BM 2030 Gündem: Kütüphaneler için Neden Önemlidir?

- IFLA'nın «Sürdürülebilir Kalkınma Hedefleri»nde kütüphanelere yönelik savunuculuğu, bilgi ve bilgiye erişimin ve onu kullanma becerilerinin artırılmasının kalkınmayı desteklediği ve yaşamları iyileştirdiği argümanına odaklanmıştır.
- Bu argüman uzun zamandır kütüphane savunuculuğunun merkezindeydi ve Sürdürülebilir Kalkınma Hedefleri anlaşmasından çok uzun yıllar önce gündemdeydi.

Türk Kütüphaneciler Derneği (TKD)

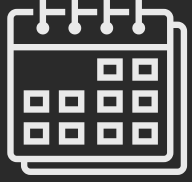

Türk Kütüphaneciler Derneği / Sürdürülebilirlik

- Valilikler iş birliği ile Kütüphane Haftası içinde «81 İde Kitap Okuyoruz» etkinliği düzenlenmektedir. Mart 2022'de 11'si gerçekleştirilmiştir.
- Okullara kütüphanelerin açılması ve bu kütüphanelerde kütüphanecilerin istihdam edilmesi için Milli Eğitim Bakanlığı ile görüşmeler yapılmıştır. Bu konuyla ilgili çalıştaylara katılım sağlanmıştır.

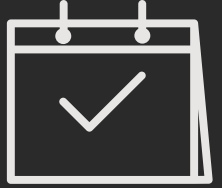

Our Director, Bahar Biçen Aras, made the presentation "Vision for a Sustainable Society: Turkish Librarians Association", which they prepared with Emine H. Gür, Faculty Member of Boğaziçi University Library, at the ÜNNAK'22 Symposium held in Konya on September 30. In the presentation, the works carried out by the Turkish Librarians Association, the umbrella association of Turkish Librarianship, since its establishment were explained.

ÜNAK 2022 SYMPOSIUM

On 29.09.2022, Databases and E-Resources Specialist Zeynep Özcan attended the presentation "Wiley Solutions Supporting the Development of Your Library: E-Books, Archives and Health Databases" online.

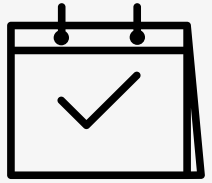

On 29.09.2022, Deren Bilgiç, Technical Services Executive, attended the online presentation titled "e-Book Usage Behavior in Turkey, New e-Book Delivery Models and Springer Nature Video Collections".

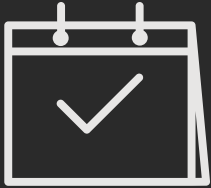

On 29.09.2022, Reference Services Officer Merve Melisa Temiz participated online in the presentation titled "A Sustainable Research Source: Ebooks".

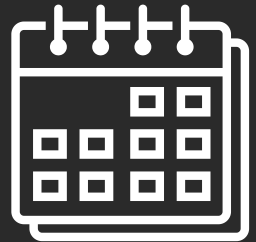

On 29.09.2022, Reference Services Officer İbrahim Semo participated online in the presentation titled "Creating a Sustainable Data Pool in Turkey-Centered Divisional Book Publishing: Bookcites Example".

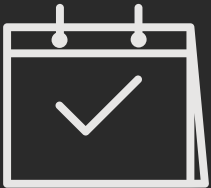

On 29.09.2022, Cataloging Specialist Ercan Kasap participated online in the presentation titled "Creating Sustainability Awareness in University Libraries".

On 30.09.2022, Technical Services Officer Kübra Akın attended the presentation titled "Libraries and Sustainable Development Goals" online.

On 30.09.2022, Assistant Reference Services Assistant Specialist Cemil Hasbeyoğlu attended the presentation titled "Thematic Libraries and Sustainability" online.

We attended many different sessions online and followed the professional developments.

TESS GERRITSEN

WHAT KIND OF PAIN DO WE EXPERIENCE IN SILENCE

TO ACCESS ALL TESS
GERRITSEN BOOKS IN ISU
LIBRARY

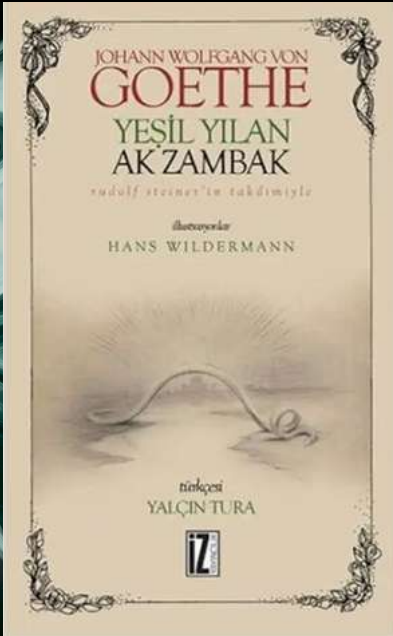

NEVER SAY DIE, PLAYING WITH FIRE, UNDER THE KNIFE, IN THEIR FOOTSTEPS, THE APPRENTICE...

Chinese-American writer Tess Gerritsen, who has gained a readership and fan base in our country and around the world with her "The Surgeon", "The Sinner", "Vanish", "Body Double", "Harvest" and many other detective-thriller books, started to be interested in detective books at an early age. Her family tried to keep Tess away from writing. Writing was not going to pay off for her family in the long run, and they wanted Tess to study medicine. For this reason, Tess Gerritsen studied medicine. She graduated from the University of Shestanford with a BS in Anthropology and later went to the University of California, School of Medicine, and then went into business as a physician in Honolulu. Despite her doctor identity, she has not lost her passion for writing and has written various romantic thriller stories. She started to write her first novels after she won an award with these stories.

Although she initially progressed with the romantic thriller genre, she decided to combine her writing with her profession and started writing books in the medical thriller genre. With her first novel of this genre, "Harvest", she quickly became a bestseller and became a great success. The clever fiction of her books, the realistic medical descriptions brought by the author's medical knowledge, the successful transmission of human psychology, and the combination of the author's extremely fluent and exciting pen bring her to the next level in her field. After "The Harvest", Gerritsen wrote the "Rizzoli & Isles Series", which was praised by the critics. The first novel of this medical thriller series was "The Surgeon", which was also very popular in our country. Detective Rizzoli is a symbol of the author's passion for crime, while Dr. Isles is an image of the author's medical identity. Tess Gerritsen, who has a growing fan base around the world, lives in Maine and continues to produce her exciting works.

INTERSECTING PAST AND PRESENT: A PHOTOGRAPHIC EXPLORATION

With the support of the support with Vehbi Koç Foundation, Yapı Kredi Publications, KU Leuven, LUCA School of Arts, and the Sagalassos Archaeological Research Project, and featuring the work of artists Bruno Vandermeulen and Danny Veys, ANAMED's latest exhibition "Intersecting Past and Present: A Photographic Exploration" focuses on the notion of the "history-altered landscape" in Pisidia and the surrounding areas. This new exhibition is based on the concurrently published photobook *The Tortoise Arrived Alone One Day* (Yapı Kredi Publications, 2022), and built on work displayed at ANAMED in the "(in)site Sagalassos The Archaeology of Excavation Photography" exhibit. Opened as part of the 10th anniversary of ANAMED Exhibitions, the exhibition will remain open at the ANAMED Gallery in Istanbul from 24 February 2022 to 17 October 2022.
